

UPDATE
15TH MAY 2020

NEWSLETTER

Welcome

It has been fantastic looking through all your home learning that we collected on Monday and seeing the efforts you have gone to! Thank you for supporting your children at home, you're doing an amazing job and we really do appreciate it. I understand that many of you will have questions about the Government update that more children may return to school after the May half term. We are following guidance from the Department for Education to ensure that if this is to go ahead, it is implemented in the safest manner for all involved. Please keep checking the school website, Twitter feed and ParentApp for all updates. If you need any help or support, you know where we are.

Strive to Achieve

Internet Safety Newsround - 'Caught in the Web'

Ensuring your children are staying safe online is always a very important factor and something you should be aware of. Before in school, the children have had drama performances/workshops focusing on how they can remain safe while using the internet. Whilst working at home, we are aware that they may be spending more time online and therefore may benefit from a reminder on how to stay safe.

Below is a link to a Newsround special edition 'Caught in the Web'. It is aimed at KS2 pupils (year 3 - year 6) and is all about staying safe on the internet:

Year 6: Dylan L

"For demonstrating fantastic independence skills. You have also shown a great creative flair! I loved your homemade gym equipment. Great work, keep it up!"

Nursery: Oliver B

"Well done Oliver for becoming more independent in self health care and for completing various reading challenges this week!"

Year 5: Charlotte C

"For her research and writing for this week's tasks. I especially liked her 'Clark's Newspaper' article!"

ASPIRATION

AWARD

Who has worked especially hard this week?

Reception: Lennon B

"For his hard work and determination when completing addition sums, practising beautiful handwriting and reading books in the sunshine with his family. Well done Lennon! Keep it up!"

Year 4: Daisy F

"Daisy wrote an exceptionally thought provoking article entitled, 'How Bad is Climate Change?' (Please find on the 'Photos of Your Learning' page below.) Thank you Daisy for giving us such excellent advice!"

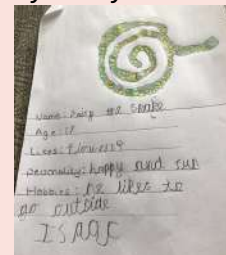

Year 1: Isaac M

"For his continuous work. He has shown great work and enthusiasm for challenges he has been set and is a very busy bee."

Year 3: Harry S

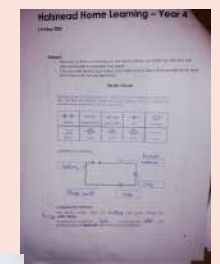

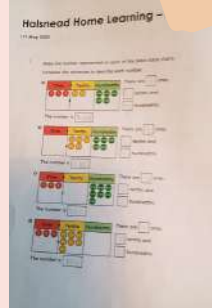

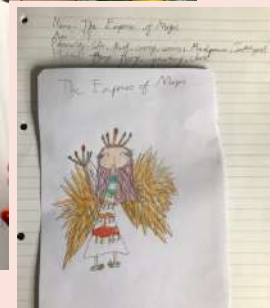

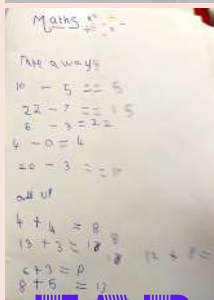

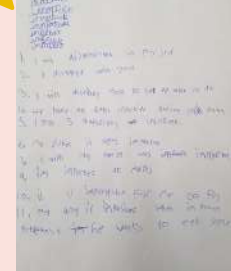

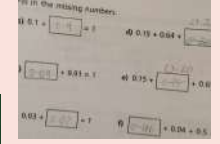

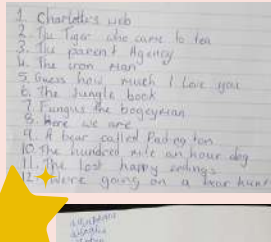

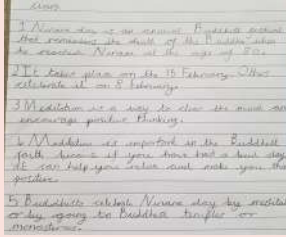

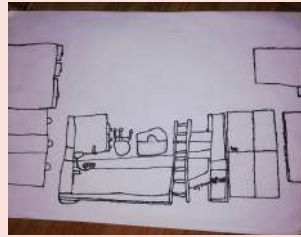

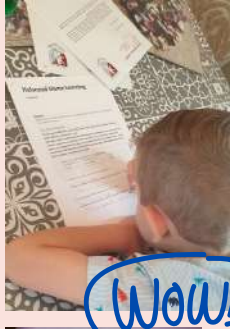

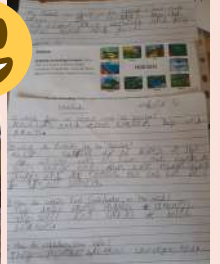

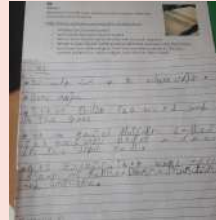

"For working so hard at home, completing Maths and English challenges; reading Harry Potter, being a little scientist - Harry you're a star!"

Year 2: Brandon P

"Brandon has been coming into school everyday with a smile on his face and has been remaining happy and positive."

PHOTOS OF YOUR LEARNING

Climate change has caused animals to lose their homes, also known as habitats. For example, Ice caps are melting, which is homes for Polar Bears and other arctic animals. Why is this happening? This is happening because of heat. The earth is getting warmer every day, which causes things like Ice Caps to melt and other things like forests to sometimes set on fire which makes animals to basically lose their homes. Think of it like all of a sudden a fire started and destroyed your home. Well that is what is happening to animals. I think we all agree that Climate Change has to stop. You can: Recycle everything you can, Reuse whatever you can, Buy local, Reduce paper use. Thanks for reading. Also remember to stay safe. #STAY SAFE
